As a below named inventor and the agent of record, I Gregorio O. Loveria III hereby declare that:

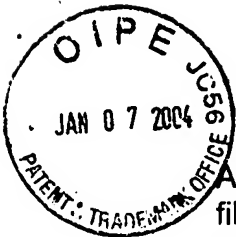

My residence, post office address, and citizenship are as stated below next to my name on the last page of this correspondence and I enclose the small entity surcharge fee of \$65 to comply with 37 CFR 1.27 for this late declaration and oath.

I believe that I am an original first and joint inventor of the subject matter which is claimed and for which a patent is sought on the invention entitled:

Method and System for Providing a Secure Multimedia Presentation

the specification of which was filed on July 15, 2003 as United States Patent Application Number 10/622,155 which is a continuation in part (CIP) patent application amended to include new matter and improvements to the invention from parent application 09/435,999 filed 11/08/99, now abandoned, of which the applicants are Gregorio O. Loveria III of Conklin, NY, Steven Getman of Grosse Pointe, MI and Thomas Yager of Ft. Worth, TX and of which the assignee is NAMS International Incorporated.

I hereby state that I have reviewed and understand the contents of the above identified CIP application number 10/622,155, including the claims, as amended by the amendments within CIP application number 10/622,155. I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

Additionally, I also hereby acknowledge that on 11/14/2003 a license for foreign filing was granted under 35 USC 184 and 37 CFR 5.11 & 5.15 for CIP patent application number 10/622,155 and hereby acknowledge those foreign priority benefits and rights granted under 35 USC 119(a)-(d) or 365(b) or 365(b) to submit such a foreign application filing and/or foreign application filings under the license granted.

Further, I hereby claim the benefit under 35 USC 120 of any United States applications(s), or 365(c) of any PCT International application designating the United States of America, listed below and, insofar as the subject matter of each of the claims of CIP patent application number 10/622,155 filed on July 15, 2003 is not disclosed in the prior United States parent application serial number 09/435,999 filed on November 11, 1999 or parent patent number 5,983,236 of the invention issued on November 9, 1999 filed as application serial number 901434 on November 9, 1999 which was a continuation of application number 08/277,865 filed Jul. 20, 1994, abandoned, or a PCT International application in the manner provided by the first paragraph of 35 USC 112, and I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56 which became available between the filing date of the prior application and if any national or PCT international filing date

As a citizen of the United State of America, the agent of record and the first named inventor on CIP application number 10/622,155, I Gregorio O. Loveria III declare that I reside and receive postal correspondence for this patent application at 111 Shaw Road, Conklin, NY USA 13748 and I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable as prescribed under 18 USC 1001 and that such willful false statements may jeopardize the validity of the application or any patent issued thereon and are respectfully submitted on January 5, 2004
